

Dear Colleagues,

We would like to remind you about the upcoming **3rd international symposium PAIN IN THE BALTICS 2012**. This time the Symposium will take place in Vilnius on 13-14 April 2012.

An up-to-date scientific program, lecturers from different countries, oral and poster presentation sessions, comprehensive reviews on important pain topics and interesting case reports will represent the multidisciplinary approach in Pain Medicine.

MAIN TOPICS:

- Pain prevalence and societal impacts
- Education prospective
- Pain treatment organisation in the health care system - what is optimal model?
- Pharmacogenetics and other news
- Opioids - pro & contra
- Interventional pain management techniques
- Psychological interventions for pain
- When surgeons can help for the pain?
- Neuropathic pain guidelines
- Back pain: news, updates and modernism
- Neuromodulation and advances in Baltic countries
- Cancer pain, palliative care & nursing

TO DOWNLOAD PRELIMINARY PROGRAM PLEASE PRESS HERE

Abstract submission is open - we kindly invite you to submit an abstract for the Symposium. Abstracts after the process of reviewing will be admitted or refused for e-poster (**GO GREEN!**) presentations & publication on the electronic medium. **All accepted e-poster presenters will receive 30-percent discount from the registration fee!**

SUBMIT AN ABSTRACT HERE

New discounted registration fees are available - for more information please **PRESS HERE**.

Do not hesitate to contact Symposium Secretariat if you have any questions or visit our website www.balticpain2012.com

Yours Sincerely,

Simona Drigotaite
